Hope Learning Academy Chicago

Hope Learning Academy Chicago is an inclusive elementary school that has blossomed from a unique partnership between Hope and The Chicago Public School District. In our innovative K-5 school, children benefit from a cutting-edge curriculum uniquely tailored to each of their needs, a family-centered educational approach, and an environment that fosters inclusion!

We know that children of all abilities benefit from learning alongside each other. We promote responsilbe inclusion as highly supported classrooms join general education classrooms for recess, lunch, assemblies, field trips, music, extra-curricular activities, and more.

Our state-of-the-art Level 2+ rated Academy features: Interactive whiteboards, technology labs, a learning garden, visual arts program, indoor sensory room, free lunch for every student, and an on-site UIC Prompt Care Clinic.

What Parents have to say about Hope Learning Academy Chicago

" A Unique Environment in which all students support one another and work together to achieve their highest potential"

"When a student boarded the bus, his classmates asked the teacher if his wheelchair was on board. These second graders took care of each other, and THAT is what inclusive education is all about"

"I felt an immediate connection when I first visited this school. I was drawn to the philosophy of recognizing that every child has their own unique way of learning and is seen for their potential rather than for their challenges."

At Hope … *we support children and families to achieve optimum growth, independence and joy.*
