

# Overview of Renewal Process

The school renewal process allows for a comprehensive review and evaluation of school/campus academic, financial, and operational performance over the entire agreement term.

The outcomes of this comprehensive review and evaluation process inform a final recommendation that is provided to the Chicago Board of Education for consideration. The final action determines what will occur for the school/campus at the end of its current term.

**The renewal process is evidence-based, transparent, feasible, and valuable**

# Overview of Renewal Process

I&I objectively evaluates evidence gathered on a school/campus using the School Renewal Rubric, and provides a renewal recommendation to I&I Leadership. School/campus specific evidence is evaluated across three renewal evaluation domains.

- **Academic Performance**
- **Financial Performance**
- **Operational Performance**

Each renewal evaluation domain has specific criteria and performance ratings. I&I uses the identified priority areas and supportive evidence to analyze school's academic, financial, and operational performance, and assess a final rating of Exceeds, Meets, or Does Not Meet Standards\* for each of the three domains.
